PROFILE A proficient Front-end Developer with 3 years of hands-on expertise in React, Next.js. Specializing in crafting responsive, high-performance web applications, I excel in creating scalable user interfaces using modern CSS frameworks such as Tailwind CSS. I have a track record of developing interactive web applications with intuitive user interfaces. I am dedicated to writing efficient, maintainable code and staying updated with the latest front-end technologies and best practices. My commitment to continuous improvement makes me a valuable asset in delivering exceptional user experiences.
